

Panos Zachariadis
Mechanical Engineer (BSc)
Naval Architect
Marine Engineer (MSE)
University of Michigan

Panos Zachariadis is a Mechanical Engineer (BSc), Naval Architect and Marine Engineer (MSE) from the University of Michigan. He has 43 years of diverse experience in shipping.

Since 1997 he has been the Technical Director of Atlantic Bulk Carriers in Greece and since 2004, a member of the Greek Delegation to the International Maritime Organization (IMO).

In cooperation with major Korean shipyards, he has applied several energy-saving ideas, some of which have become industry standards.

He is a member of Technical Committees of several ship classification and professional societies, as well as the Union of Greek Shipowners. He is Acting Chairman of BIMCO Marine Environmental Committee and is also in the Board of Directors of the Hellenic Chamber of Shipping, HELMEPA and MARTECMA.

He has written numerous technical guides, papers and articles and is the recipient of several international shipping awards.
