

Peter Smit
Group Director | Co-Owner
BCS Group – Boers Crew Services

Peter Smit has brought a wealth of experience in commercial leadership and strategic consultancy for several decades. Over the years, he has held various commercial roles and served as an advisor to multiple public sector institutions. As a consultant, he has supported various companies in navigating organizational restructuring and implementing process improvements to drive operational efficiency.

In 2014, Peter joined Boers Crew Services, where he took on a leadership role as a co-director.

One year later, in 2015, he became an official co-owner of the newly formed BCS Group alongside Hans Boers. Together, they have built the company into a thriving, family-run business. Their children are actively involved in the daily operations, contributing to the group's continued growth and strong values.

Under Peter's co-leadership, BCS Group has expanded significantly, now operating from four strategic locations: the headquarters in Schiedam (Rotterdam), and offices in Antwerp, Hamburg, and a specialized Visa Expert Center in Manila. The company is on track to open its fifth office — a new Visa Expert Center in Mumbai — later this year.
